

USER MANUAL FOR THE **EKESCO** APPLICATION

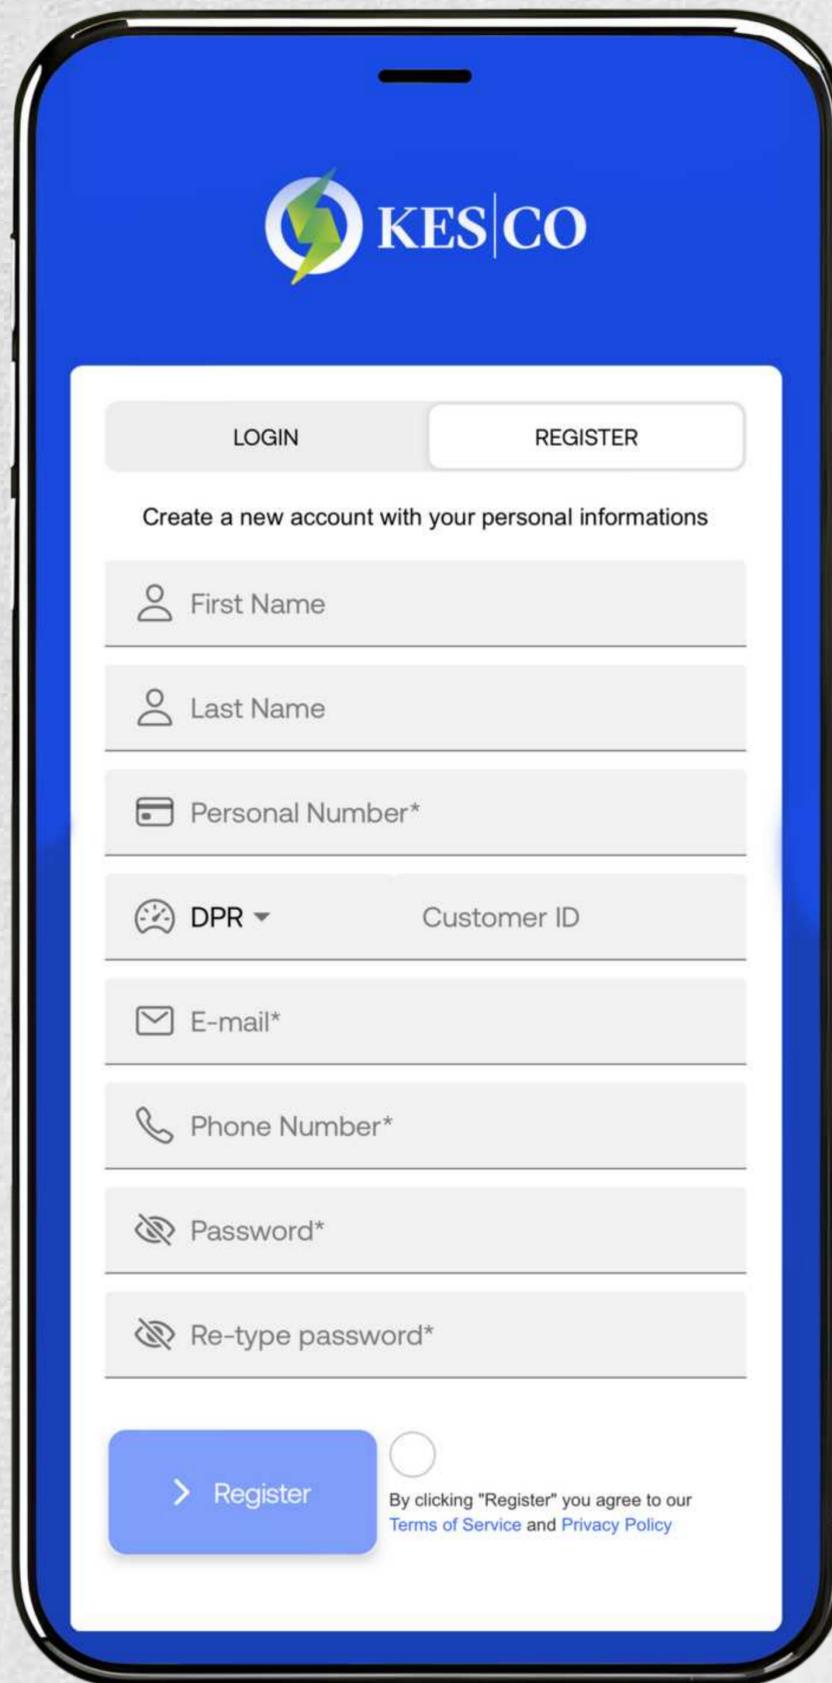

APPLICATION DOWNLOAD

You can download **eKesco** application in **Playstore** for **Android**, for **IOS** in **AppStore**

APPLICATION REGISTRATION

The image shows a smartphone screen with the KESCO app registration interface. At the top, the KESCO logo is displayed. Below the logo are two buttons: "LOGIN" and "REGISTER". The "REGISTER" button is highlighted. Underneath, there is a prompt: "Create a new account with your personal informations". The registration form consists of several input fields: "First Name", "Last Name", "Personal Number*", "DPR" (with a dropdown arrow), "Customer ID", "E-mail*", "Phone Number*", "Password*", and "Re-type password*". At the bottom, there is a blue "Register" button with a right-pointing arrow, and a checkbox with the text "By clicking 'Register' you agree to our Terms of Service and Privacy Policy".

If you have already created an account through **KESCO's** website, you can use the same credentials to log in to eKesco's app

In order to get registered, you should fill out the form with your details.

The image shows a smartphone screen with the KES|CO logo at the top. Below the logo are two buttons: 'LOGIN' and 'REGISTER'. Underneath the buttons is the text 'Create a new account with your personal informations'. The form consists of several input fields: 'First Name', 'Last Name', and 'Personal Number*'. A partially visible field for 'Email' is at the bottom.

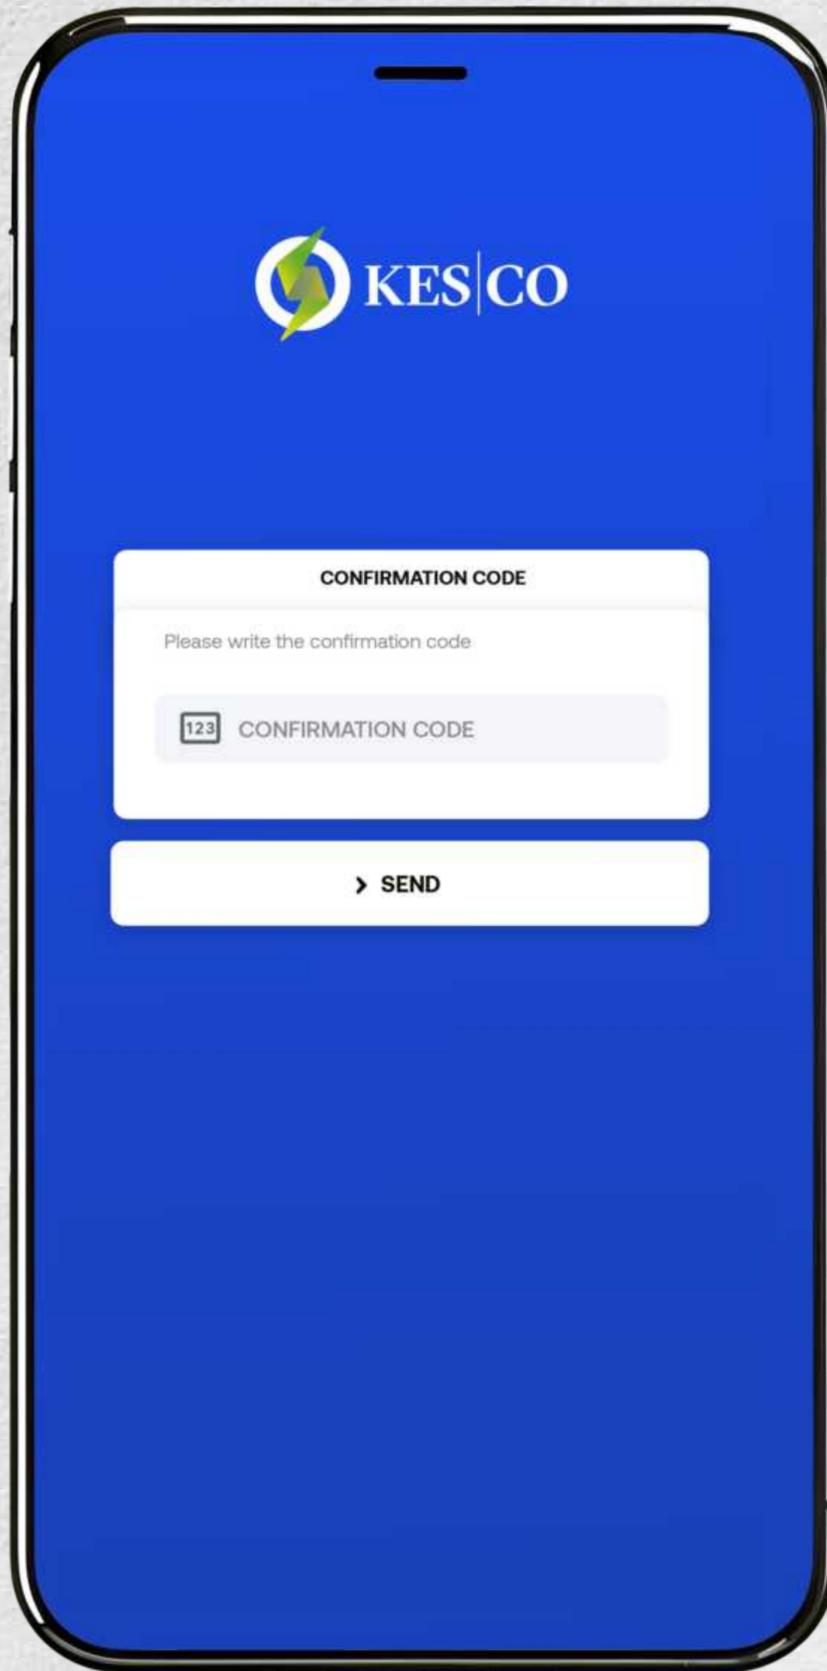

Your registration will be valid only when you fill out the required data such as:

You can create only one account with your personal number.
Name and Surname should match the personal number

You can use only one e-mail for an account.
You can use only one mobile number for an account.

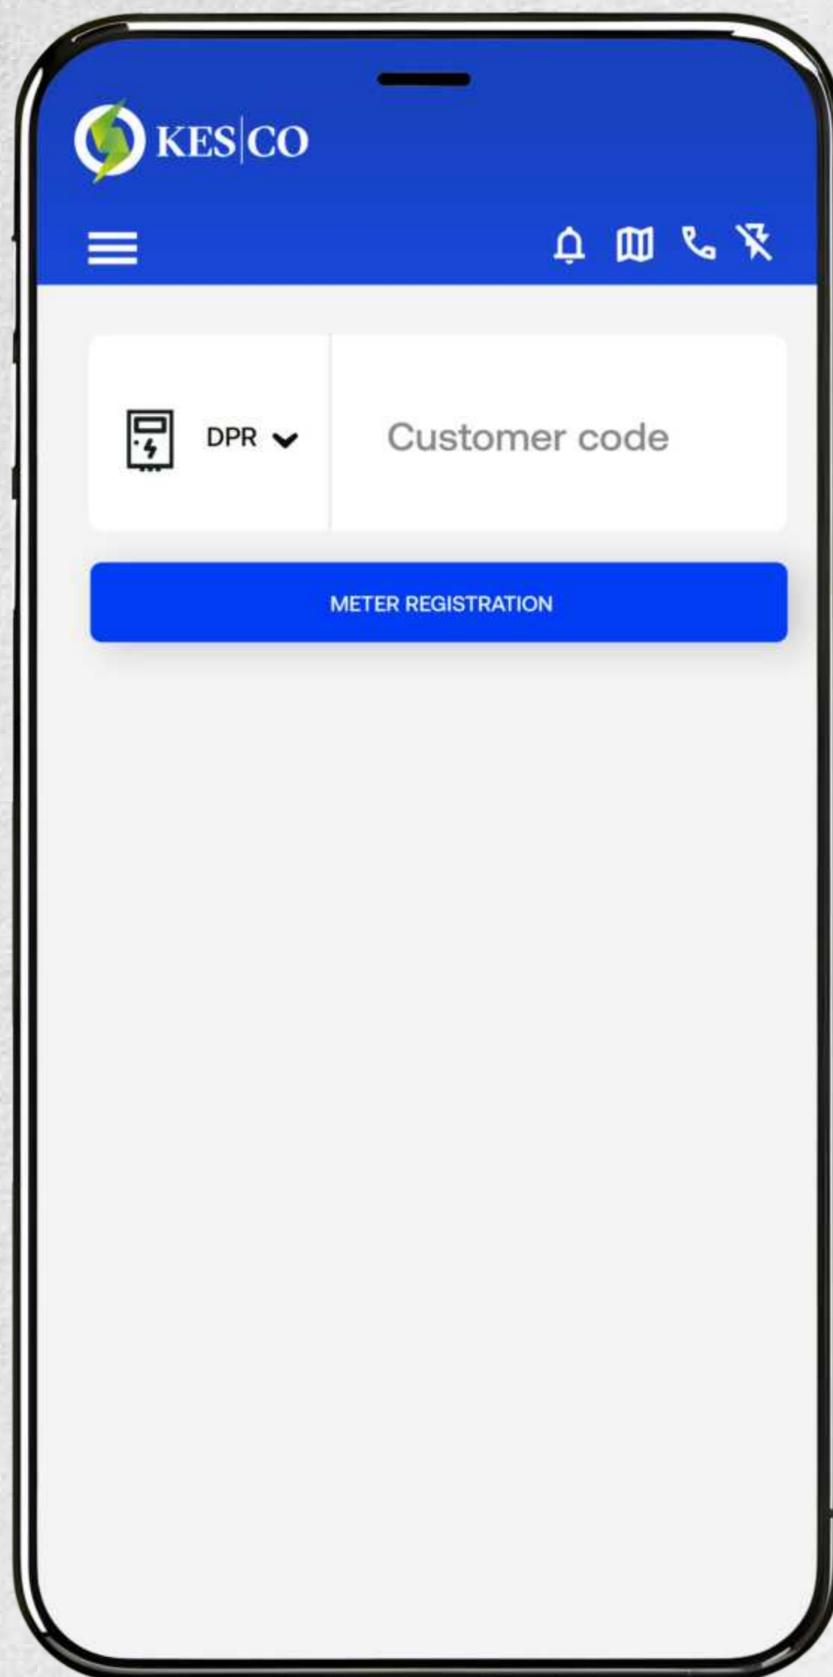

Password should be at least with 8 characters
(following with a capital letter and a number).

 Once your account is validated, you will receive a message on your mobile phone immediately after registration.

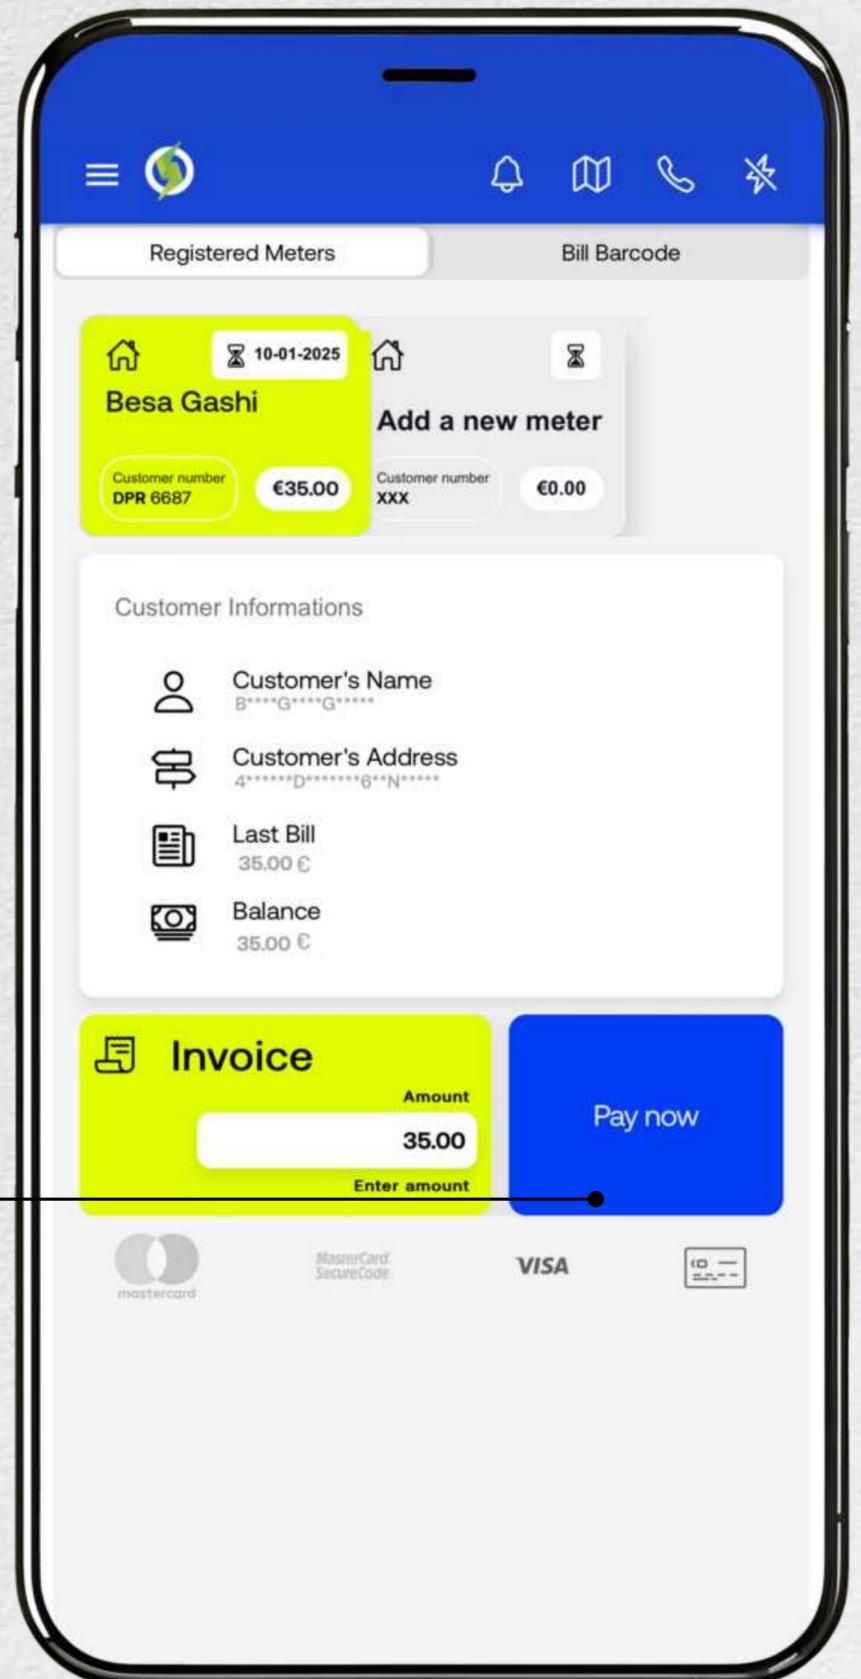

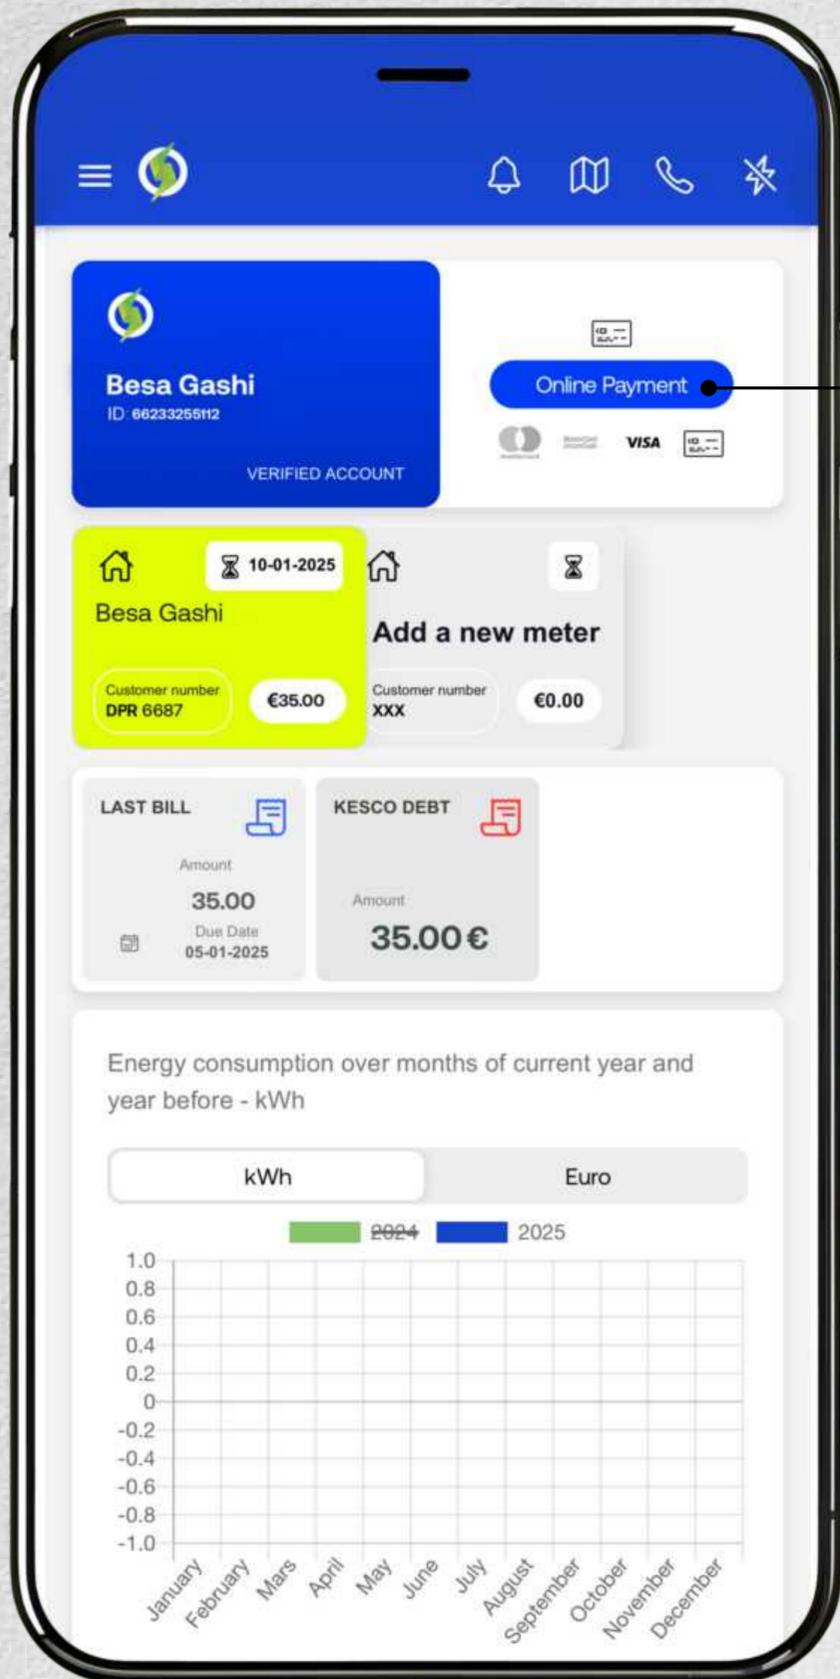

After **SMS** verification, you will be automatically redirected to the application

In order to add a meter, you must enter **the customers code** in the empty field. If the meter is already registered to another account, the application will immediately notify the account holder.

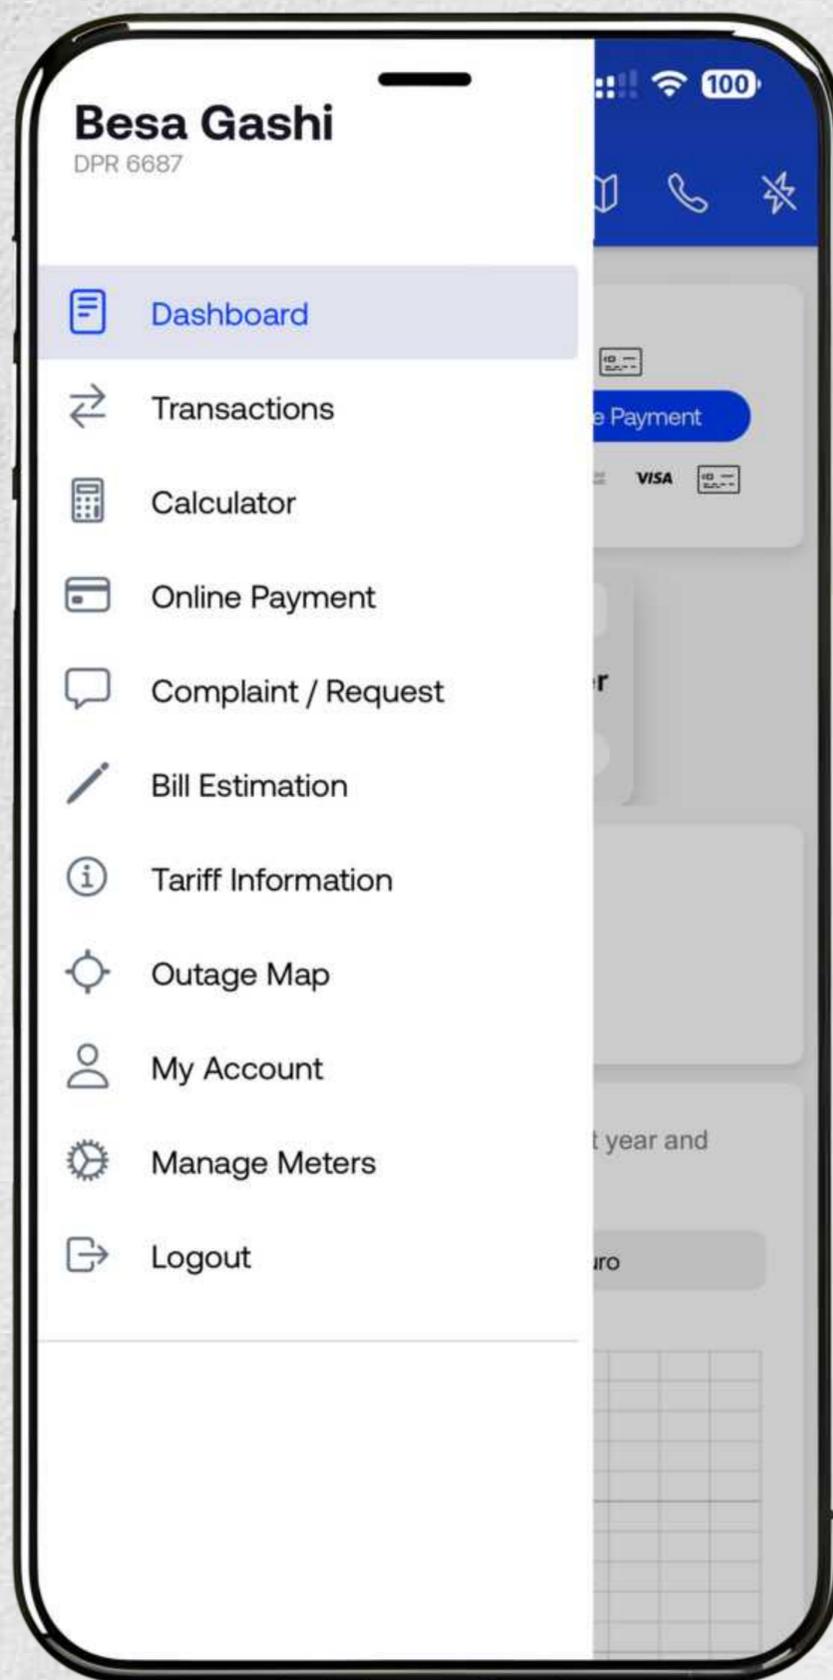

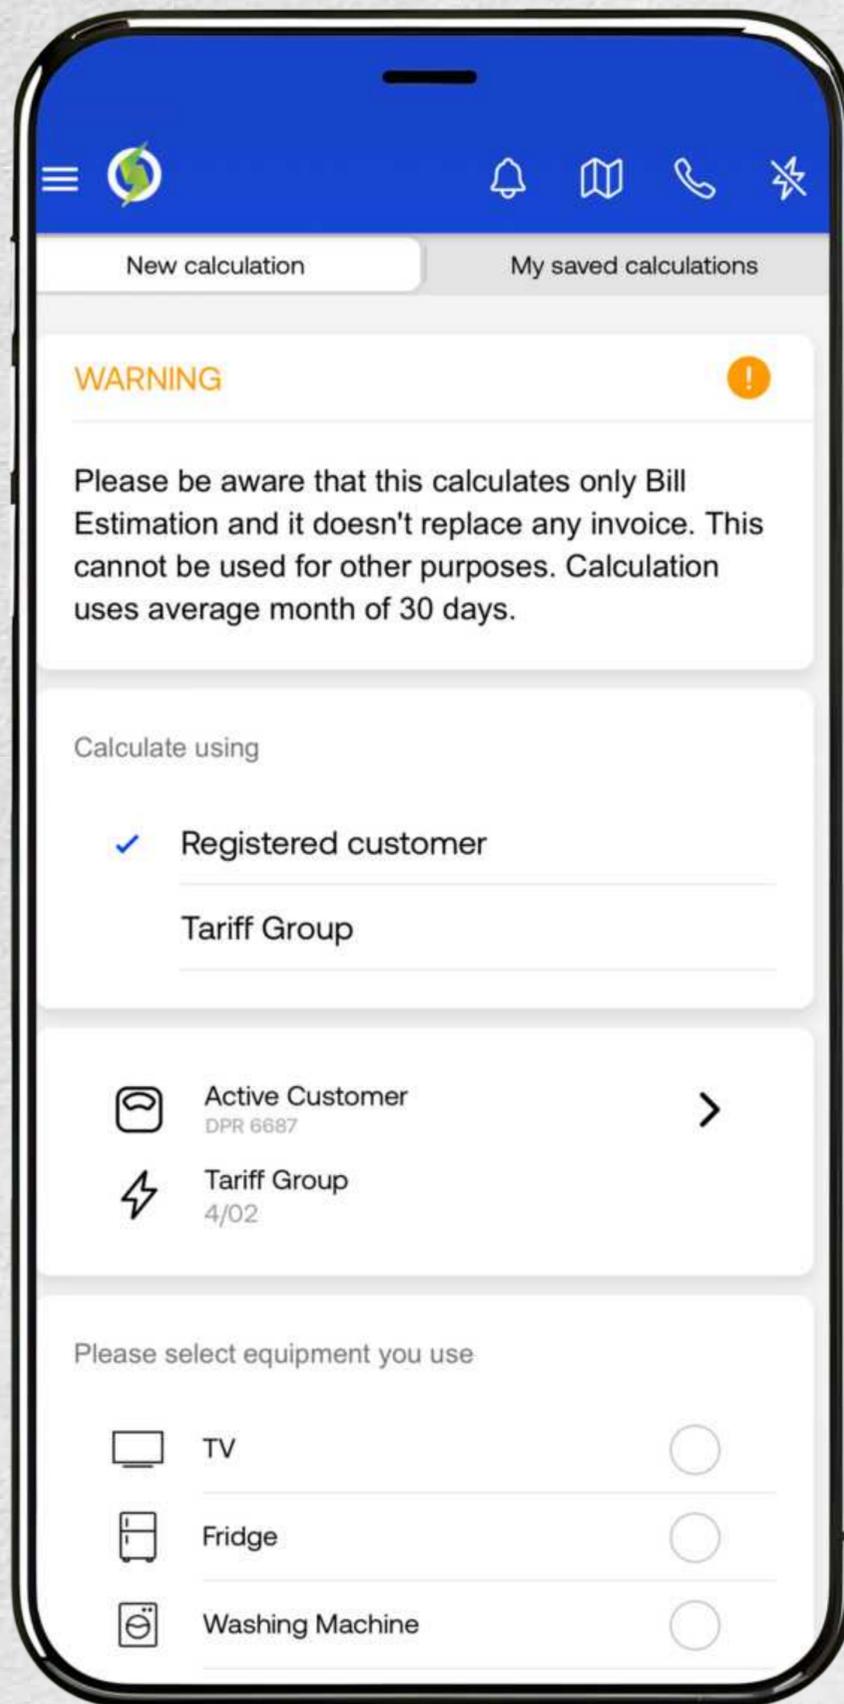

You can find your latest invoice in the main page of the **application**

Once you click **"Online Payment"** then the application will automatically take you to the invoice details

Apart from the first method, you can also click **"Online Payment"** in the side menu and then the application will automatically open invoice details where the payment can be made.

If you click on **"Invoice Estimation"** the page will the invoice details will be opened automatically. This only calculates an approximate invoice and does not replace any actual invoice
